

HOW TO OBTAIN A CDL

Employment as a driver requires that you have a Class A, B, or C Commercial Driver's License (CDL) with a (P) passenger endorsement. As a minimum, Medical Motors accepts a Class C with a Passenger endorsement, two restrictions (listed below), and no more than five points on your license.

To apply for a CDL, complete the following steps:

- Obtain a copy of the NYS Commercial Driver's Manual online at <http://dmv.ny.gov/org/commercial-drivers/new-york-state-commercial-drivers-manual> or from a DMV office and study Sections 1-4. Sections 1-3 pertain to general knowledge, Section 4 pertains to the passenger endorsement.
- Visit the DMV and apply for a Class C CDL with the passenger endorsement. You will need to pass the written general knowledge (30 questions) and passenger endorsement (20 questions) sections of the exam. You do not want a permit. You want a Class C CDL license with the restrictions listed below. There is no road test required.
- A DOT physical is required.

The acceptable restrictions are:

- ✓ **K** restriction (Excepted Intrastate Operation)
- ✓ **N2** restriction (transporting seven passengers or less).

Once you obtain a CDL, please apply online at www.medicalmotors.org. We are reviewing applications currently and expect to schedule interviews in the next couple of weeks. If you are selected for an interview, you can expect an e-mail or letter from our Human Resources staff to schedule an interview.

Thank you, again, for your interest with Medical Motor Service. We do appreciate the time you invested in this application process and hope to hear from you in the near future.
